

# COVERTEC Pool Cover

## COMPACT AND LIGHTWEIGHT DESIGN

Total safety for your children and pets, with the resistant and invisible steel rails that adapt to the shape of your pool. In addition, the solar cover pool provides protection against dust, soil, mud, leaves, etc. The high-efficiency motor can open and close the cover in seconds. It also prevents the condensation of the water, preventing it from cooling down for much longer, allowing the user to use it for more seasons throughout the year. It is advisable to pre-design the pool based on the chosen cover.

Anti bacterial

Anti fungal

Strong resistance to UV lights from the Sun

Preserves its aero-elastic structure in all ambience

Can be easily clean due to dirt-proof LAQUER coating

Not affected negatively by pool chemicals

**COVERTEC Pool Cover** is made of blue PVC 580 gr/m<sup>2</sup>. Reinforced with aluminium bars placed with 1,2 m - 1,4 m intervals. With the help of portable rechargeable-reductor 24 V motor, the pool cover is opened or collected easily and quickly. Safe for children and pets. For windy enviroments, fixation is provided by side reinforcements. For irregular-shaped swimming pools, the cover needs to be rectangular form. There should be 25 cm margin for short edges and 50 cm margin for long edge.
